A Little Help

We appreciate your business but could use your help with a couple things.

1. Range bags are reused for the next customer, please put them in the yellow container on the range after hitting balls. Bags of range balls are meant to be hit all at one time, when purchased, not stored away for a future date. We are short 40 range bags already this year.
2. Please play the holes you are told to play when you check in. If you want to switch your rotation, please ask at the golf shop before jumping ahead of someone else.
3. It is best to plan ahead and make a tee time. With 27 holes we can often fit groups in, but not always. Tee times are easy to make, in person, on the phone (920-924-2424), through the [website](#) or through the RMGC App.

Thank you and enjoy your round at Rolling Meadows!
